Bhai Sahib Bhai Narain Singh Ji

The pioneer of Sidhwan Institutions, Bhai Narain Singh Ji was born and brought up at Village Sidhwan Khurd of Ludhiana. He was a great philanthropist, visionary and an undaunted social reformer. He was a down to Earth man, a progressive farmer and an expert in the Ayurvedic system of medicine who treated people in his spare time. In the tragic death of his only son, instead of going into remorse he resolved to transcend his personal tragedy and to dedicate his whole life to the noble cause of dispelling the darkness of ignorance and illiteracy amongst the girls of his region. He took up the challenge of female education at a time when sending girls to school was a taboo. His daughter Padamshree Bibi Harparkash Kaur was among the four students of the school started by him in 1909 under a 'peepal tree' at his place. As people of surrounding areas were encouraged by his effort, the school was upgraded as a High school. At the fag end of his life Bhai Sahib Bhai Naram Singh Ji constituted Sri Guru HarGobind Ujagar Hari Trust and bequeathed his entire property to this Trust. Later on his daughter became a torch bearer to carry forward his ideals and vision. By dint of her hard work she founded Khalsa College for Women in 1950. She was awarded 'Padamshree' for her contribution to Women Education. At present Sri Guru HarGobind Ujagar Hari Trust is successfully running five educational institutions of excellence. Bhai Sahib was honoured by British Government with Khitab of 'Sardar Sahib'.

ABOUT THE SEMINAR

Mother Earth is the only home and environment to live in. It provides air (oxygen), water, food, fiber, and energy resources to every living species. The self-polluted environment helps to clear normal pollution. Though Earth is a living entity, yet it demands our care to keep itself worth living. During the last two centuries man's over indulgence has created environmental pollution and this degradation is now threatening his own existence. The pandemic of COVID-19 is the consequence of such activities. Some of the current environmental issues require urgent attention. Important environmental issues facing Mother Earth are: population explosion, climate change, loss of biodiversity, depletion of natural resources, deforestation, pollution, ozone layer depletion, ocean acidification, over fishing phosphorus and nitrogen cycles etc. These environmental problems are undisputedly endangering our current existence on Earth. All over the world, people are facing number of unforeseen environmental problems. Our planet, in fact, is poised on the brink of a severe environmental crisis. These problems make humanity vulnerable to present and future disasters. Humanity is in a state of planetary emergency, with environmental problems piling up high around us. Unless we address these issues prudently and seriously, we may be heading to our extinction. Despite the damage man has caused to the environment, most of it is reversible. This is heartening. We can restore habitats and return species to them, clean rivers, replenish the topsoil and replant forests. Above all we can formulate healthy habits, which can go a long way in improving the environment. Most of these problems are global and can be best addressed globally. 'International Mother Earth Day' is celebrated on 22nd April every year since 1970 to highlight environmental issues.

VISION

The seminar envisions at leaving the planet 'Mother Earth' for the posterity in a state which is free from environmental problems and fit to live in. It envisions a society and a world free from exploitation of natural resources and that which promotes equity and social justice, encourages sustainable development and protects global environment.

MISSION

The mission of the 'Save Mother Earth Seminar' is to raise environmental consciousness among people and students in general and of our group of schools and colleges in particular. It is an initiative to induce a thought process and a desire to find solutions to the man-made problems that are vitiating living environment of the earth. It should help one to understand the problems and promote a better initiative to support national and global strategies towards saving the Earth and its environment for posterity.

At the individual level attitudes and perceptions regarding conservation of environment should change. Everyone needs to be involved in this effort. We should make a solemn promise to our Mother Earth to nurture and preserve it.

Considering the importance and urgency of the attention needed SGHG Ujagar Hari Trust decided to provide a forum to the students by organising an annual seminar in the memory of Bhai Sahib Bhai Narain Singh Ji, founder of the Trust, a philanthropist and visionary.

AIMS AND OBJECTIVES

1. Creating awareness about environmental problems and their perceived risks. Promoting better management, conservation and rational use of natural resources and waste. Encouraging sustainable production and consumption patterns and educating about their potential benefits.
2. Empowering vital young force by channelizing and engaging school and college children through critical thinking on environmental education, and by doing so creating future environmental sentinels.
3. Achieving a quality environment where the levels of pollution do not give rise to harmful effects on human health and environment.
4. Promoting voluntary and responsible community based action for environmental protection.
5. Initiating a direct action-oriented approach for environmental improvement involving students, educators and governing body in and around the campus of Sidhwan institutions.
6. Enhancing interaction among students, educators, governing bodies, researchers and environmental crusaders to understand the problem more deeply and identify tools and practices for coping with the problem.

ACTIVITIES AND RULES FOR PARTICIPANTS

Poetical Recitation

Teacher In-Charge: Prof. Ramanpreet Kaur
Contact No. : 94635-28206

- ✓ Maximum time limit is up to 3 minutes.
- ✓ Sub-themes as given in the brochure.

PPT Presentation

Teacher In-Charge (Colleges): Dr. Ajay Kumar
Contact No.: 76960-87410
Teacher In-Charge (Schools): S. Basant Singh
Contact No.: 98552-94330

- ✓ The Participant must be visible in the video of his/her Powerpoint Presentation.
- ✓ The minimum & maximum time limit for the Presentation is 3-5 minutes.
- ✓ The Participants have to send only the link of his/her Powerpoint Presentation Video.
- ✓ The Participants have to create the link of his/ her presentation video and after that send the link to the organiser by pasting it in the entry form.
- ✓ Last date for submission of entry form is October 22, 2020.

Slogan Writing

Teacher In-Charge (Colleges): Dr. Shweta Dhand
Contact No.: 98149-00563
Teacher In-Charge (Schools): Mrs. Kamaldeep Kaur
Contact No.: 98721-94106

- ✓ Two students from each institution can participate.
- ✓ Theme is : 'Save Mother Earth'
- ✓ The Slogan should be written using material such as sheets, brushes, colours etc. and the photograph of the same should be uploaded.
- ✓ Size of sheet will be half imperial sheet 22"x15" (50x30cm)

Caption Contest

Teacher In-Charge: Prof. Gagandeep Dharni
Contact No. : 99889-43388

- ✓ The Photograph will be E-mailed to all the registered participants.
- ✓ The caption should be creative and should not exceed 15 words.

Poster-Making

Teacher In-Charge (Colleges): Dr. Shweta Dhand
Contact No.: 98149-00563
Teacher In-Charge (Schools): Mrs. Kamaldeep Kaur
Contact No.: 98721-94106

- ✓ Two students from each institution can participate.
- ✓ Theme is : 'Save Mother Earth'
- ✓ The Poster should be the original work of the participant.
- ✓ The Poster should be made using material such as sheets, brushes, colours etc. and the photograph of the same should be uploaded.
- ✓ Size of sheet will be half imperial sheet 22"x15" (50x30cm).

Report of 6th Annual Bhai Sahib Bhai Narain Singh Ji Memorial Seminar/Webinar On "Save Mother Earth" 31st Oct, 2020

Bhai Shaib Narain Singh Memorial 6th Annual Seminar/Webinar on Save mother Earth was organized by the Sidhwan Group of Institutions as a Tribute to the Founder of Sidhwan Institutions on 31st Oct, 2020. This is the annual feature of Sidhwan Group of Institutions. All the Institutions under the aegis of Sri Guru Har Gobind Ujagar Hari Trust, Sidhwan Khurd, Ludhiana i.e. GHG Harparksah College of Education for Women, Khalsa College for Women, Sikh Girls Sr. Sec. School, Sidhwan Khurd and GHG Public Senior Secondary School, Sidhwan Khurd made collaborative efforts to organise the Webinar. Various competitions were held for the college as well as school students such as Poetical Recitation, Caption Contest, PPT presentation, Poster making and Slogan writing. The environment-related themes were decided by the Organising Committee for these competitions. A total of 66 participants participated from the various colleges and schools of Punjab. This time the webinar was organised online through the Zoom app. Dr. Surinder Singh Kukal, Member, Water Regulatory and Development Authority, Punjab has participated as the Chief Guest & Keynote Speaker for this webinar. Dr. Surinder Kukal in his keynote address made the students aware about the current's environmental issues. He also suggests measures how we can protect our environment and preserve our natural resources for the future generation.
